ARGUMENTS

Claims 12-26 were rejected under 35 USC 103(a) as being unpatentable under U.S. Patent No 5,433, 891 ("Chou") or U.S. Patent No. 4,702,850 ("Gutierrez"). Gutierrez does not disclose the claimed limitation of a reaction product of a polyol diacrylate and a general antioxidant YH, wherein Y is selected from the group consisting of RS, R2N, (RO)2PHO, phenols and mixtures thereof. Since neither Gutierrez nor Chou disclose this limitation, the claims as amended should be allowed.

CONCLUSION

Applicants have addressed all the rejections and in view of the amendments, arguments, and statement of common ownership. Accordingly, applicants respectfully request the Examiner allow the application.

Respectfully submitted,
